- 4) The cat is jumping .....the box.
- 5) The aeroplane is flying .....the clouds.
- 6) The dog is ..... the cup. (5 marks )

7) Read the poem and answer the questions given below.

### The Pedlar's Caravan

I wish I lived in a caravan  
With a horse to drive, like a pedlar- man!  
Where he comes from nobody knows  
Or where he goes to, but on he goes.

His caravan has windows two  
And a chimney of tin that the smoke comes through,  
He has a wife and a baby brown,  
And they go riding from town to town.

Chairs to mend, and delft to sell!  
He clashes the basins like a bell;  
Tea-trays, baskets ranged in order,  
Plates with the alphabet round the border

W.B. Rands

Write **TRUE** or **FALSE** in the space given.

1. A horse drives the caravan. ....

2. There are two windows in the caravan. ....

3. The caravan goes from village to village. ....

4. Write two things in the caravan.

1.....

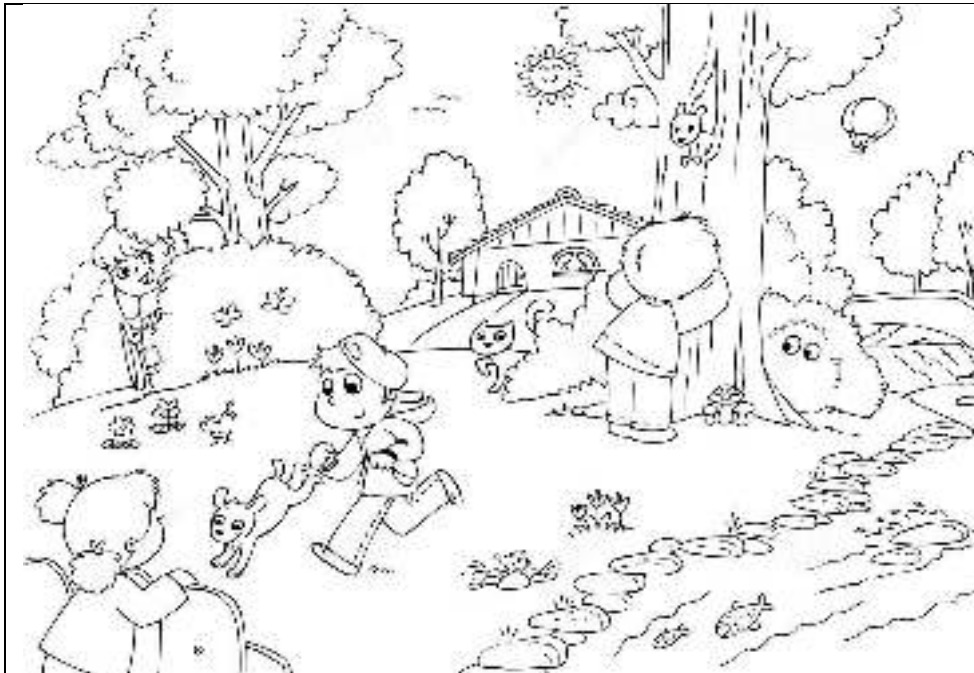

2.....

sell - .....

brown - ..... (10 marks)

8) Write 5 sentences about the picture.

Ex. There is a boy under the tree.

1.....

2.....

3.....

4.....

5.....

(10 Marks)

9) Read the paragraph and answer the questions.

Giraffe

The giraffe is an African mammal and the tallest living animal. It is known for its extremely long neck and legs. Giraffes are scattered throughout Africa and usually inhabit, savannas, grasslands and open woodlands.

Fully-grown giraffes stand 5-6 meters tall. Located at both sides of the head, the giraffe's large eyes give it good all round vision from its great height. Giraffes see in colour and their senses of hearing and smell are also sharp. Giraffes also have the ability to close its nostrils to protect against sandstorms and ants.

A giraffe's coat has dark blotches or patches. These usually can be orange, chest-nut brown or black in colour, separated by light hair. Each individual giraffe has a unique coat pattern. The pattern serves as a camouflage allowing it to blend in the light and shade patterns of savanna woodlands.

Giraffes feed on leaves, twigs, shrubs, grass and fruit and eat around 34 kilos per day. Feeding is at its highest during the first and last hours of daytime. When stressed, giraffes may chew the bark of branches.

Giraffes typically live up to 25 years in the wild. Because of their size, eyesight and powerful kicks, adult giraffes are not a targeted prey.

7) Where do giraffes inhabit?

.....

8) What can a giraffe do with its nostrils?

.....

9) What do giraffes eat?

.....

10) When do giraffes chew the bark of branches?

.....

11) Write an adjective from the paragraph to describe the following parts of the giraffe.

a) ..... neck

b) ..... eyes

(10 marks)

10) Write an essay on one of the following topics.
